

Our new timetable

We're delighted to bring you the biggest timetable change our route has seen for 20 years. You can now enjoy a whole host of improvements, including:

- Over 3 million more seats per year on the East Coast route
- 19 new services each weekday
- Improved frequency
- 11 new services every weekday, between London and York
- A train every 30 minutes, on weekdays, between Leeds and London King's Cross
- An amazing 65 services each weekday between West Yorkshire and London
- A new, easy-to-remember timetable

If you're a regular traveller, we recommend that you take a look at the new timetables before you travel, as your usual service may have changed.

Our new timetable also includes some new direct services.
